

BRAZIL

santa izabel

A tropical delight, combining the sweetness of pineapple with a creamy caramel mouthfeel.

The acidity of Santa Izabel begins bright, but is mitigated by a mouthwatering sweetness that results from red fruit, lending the coffee a memorably long aftertaste. This coffee works nicely as either a drip or espresso.

An agronomy graduate, Flavio has brought his farm into modern productivity that includes a comprehensive reforestation program that transforms unused agricultural lands into nature reserves teeming with native trees. Headwater protection and erosion control are maintained via water, soil and wildlife management with a strict adherence to ecological sustainability and prohibition of hunting.

ALTITUDE:
950 - 1100M

PRODUCER:
Flavio De Figueiredo
Gomes Três Pontas,
S. Minas Gerais
